Honorable Chair Menor and Council Members.

My name is Reggie Castanares, I have the privilege to represent the Plumbers and Fitters Local 675. Our membership is representative of many working families in the community, a number of whom live within the district which will be directly benefited by this project.

Our testimony in support Resolution 17-175 & 17-305, "Approving a conceptual plan for an Interim Planned Development-Transit project for the development of the Hawaii Ocean Plaza Mixed Use Development Project" is in our opinion sound as well as timely.

We are convinced that what is before you today for action today is complete and addresses the critical areas and needs of all concerned within our community.

The 1500 Kapiolani Blvd. project, will, we believe, contribute favorably those necessary components to the area which will, we contend is critical to the survival of our residential/business corridor of the Ala Moana neighborhood, thus we support this plan.

We respectfully request that this Honorable Body act favorably and adopt these Resolutions.

Respectfully,
Reginald Castanares
